Education

Veermata Jijabai Technological Institute, Matunga **Sept. 2024 - Present**
B. Tech in Computer Engineering. Mumbai
CGPA - **8.22**

Prakash College of Commerce and Science **Aug. 2022 - May. 2024**
Higher Secondary Certificate (HSC) - **90.83%** Mumbai

Relevant Coursework

- Data Structures & Algorithms
- Database Management Systems
- Algorithm Design & Analysis
- Object Oriented Programming
- Computer Networks
- Operating System & Computer Organization
- Machine Learning
- Web & Python Development

Projects

Code Reviewer AI – Multi Agent Code Analysis *ReactJS / Express / PostgreSQL / **AI** / Docker* **May 2026 – July 2026**

- **Engineered** a **multi-agent AI code review system** using LLM APIs for automated source code analysis and optimization.
- **Enabled file uploads and GitHub URL analysis** and **multi-device association** to detects bugs, security vulnerabilities, and code complexity, generating actionable explanations and fixes.
- Implemented **AI orchestration**, **response normalization**, detailed analysis reports, and side-by-side **original vs. optimized code comparison.**
- Containerized the application using Docker for consistent deployment and development environments.

Smart College Hub and Event Management System *React / Express / PostgreSQL* **Dec. 2025 – Feb. 2026**

- Developed CampusConnect, a **full stack platform** that centralizes campus announcements, events, and opportunities into a single dashboard**, eliminating fragmented communication** across multiple channels.
- Implemented secure **authentication**, **designed RBAC supporting four user roles** , and 15+ **RESTful APIs** with JWT authentication and designed a **PostgreSQL schema** with many-to-many user–club associations to enable personalized, filtered content delivery.
- Built features for **real-time announcements and event scheduling** along with **intelligent filtering** and notifications to improve student engagement and streamline campus coordination.

Technical Skills

Languages: C , C++, Python, JavaScript ,SQL.
Framework/Libraries : React.js, Node.js Express.js
Tools & Platforms: Git, Github, Linux, Docker, REST APIs, Vercel, Render ,PowerBI
Databases : MySQL, OracleSQL, PostgreSQL

Responsibilities

Mentee | *Inheritance, VJTI* **Oct 2025 – Feb 2026**

- Collaborated in a mentorship program to design and develop a FullStack group project (CampusConnect).
- Applying agile teamwork and version control practices.

Public Relations Manager | *Technovanza, VJTI* **Jan. 2026 - Present**

- Assisted in coordinating and bringing industry professionals and speakers for guest lectures during VJTI's annual Techfest having footfall of over 4000 people.
- Contributed to brand outreach and publicity efforts, strengthening the fest's professional presence.

Certifications & Achievements

- *Solved 400+ problems on LeetCode.*
- *Attended Ethical Hacking and Data Science workshops at IIT Bombay.*
- *Completed the Exploratory Data Analysis Course for Machine Learning on Coursera*
- *SIH 2025 & SIH 2026 Participant*
